

* For The Bowels *

REXALL ORDERLIES are the best bowel remedy ever made—the most pleasant to take, the most permanently beneficial for relief from the misery and dangers arising from constipation. Rexall Orderlies taste just like candy—soothing and easy in action; they do not cause griping, nausea, purging or excessive looseness. They tend to tone and strengthen intestinal nerves and muscles and to promote better spirits and better health. In all these things Rexall Orderlies are vastly superior to old-fashioned, harsh salts and other purgatives, which are not only unpleasant to take, but which leave the bowels in worse condition than before. We particularly recommend them for children and aged persons.
